

2011 - Natural Organic red dry wine "Akratos Oenos"

Agiorgitiko - Varietal Wine - dry - 0.75 l - bio
Helession - Griechenland Zentral - Viotia/Thesprotia

Helession Akratos Oenos is a traditional natural wine:

More than real Organic Wines...

More than No Sulfites Added Wines...

...Ancient Greek Wines by Helession!

The "Akratos Oenos" is a wine with high alcohol content. It has undergone natural, red vinification with native, wild yeast. NO sulfite preservatives or any other kind of additives has been added. It is made 100% from grapes! It has undergone neither protein precipitation nor filtering! Thus almost all antioxidants, polyphenols, resveratrol and OPC contained in the grapes have passed into the wine body. Being preserved since 2011 it tastes better every passing year!

The vinified grapes are organic from the traditional variety Agiorgitiko. They have been harvested in the highlands of Nemea and Kitheron in Central Greece.
